

Workshop 2: impact without footprint

Three panellists from:

- Groupe URD
- JEU
- IFRC

Discussions

- *Coherence between humanitarian imperative and environmental protection*
- *3 areas of action:*
 - 1. own offices and actions (e.g. through the EMAS approach)**
 - 2. planning of operations on the ground (preparedness and response)**
 - 3. procurement and logistics**
- *Additional costs or low cost?*
- *No need to reinvent the wheel - bring together practice, policy, tools, networks and guidance*

Next steps

- *Understanding transformational change for donors and partners*
- *Building on what already exists, setting realistic expectations*
- *DG ECHO internal policy guidance*
- *Integrating environmental considerations in DP*
- *Collaborative processes: field, HQ, environmental experts/organisations*
- *FPA review*
- *Encouraging partners to share their experiences:*
